MERTZ MOULDINGS

Shown in this pamphlet are a few designs of several hundred patterns we manufacture.

They are manufactured in all DOMESTIC and FOREIGN WOODS.

If interested send for our Complete Illustrated Catalogue B.

The manufacturers of "MERTZ MOULDING" take just pride in the leadership which has so long been accorded to them and their allied products. The characteristics and quality of our mouldings are apparently too well known to need any setting forth.

Instead of asserting their merits we ask that they be inspected, and thus have opportunity to speak for themselves.

In the past their high quality has been accorded wide recognition and generous praise; these are better merited than ever before, having been awarded the HIGHEST PRIZE, the GOLD MEDAL, at the EXPOSITION UNIVERSELLE, Paris, 1900.

GEO. MERTZ'S SONS, PORT CHESTER, NEW YORK.

TURNED WOOD MOULDINGS.
